Company Description:

Northwest Staffing Resources, founded in 1985, is a privately owned and operated temporary, temp-to-hire and direct hire staffing organization. The company provides broad-based staffing services to the West Coast's premier companies. NSR's original vision of being the Northwest's leading provider of personnel services remains the same today as the company enters its third decade of operation.

NSR and its subsidiaries have a customer base of large and small companies in a broad range of industries including insurance, financial services, manufacturing & distribution, legal, information technology, medical, dental and government. NSR offers its customers expertise in on-site vendor programs, employee testing and evaluation services, project management, executive search and placement and many other programs.
